There is a very appreciative and interesting little sketch of Eugene Field in Demorest's Magazine for December, written by Edwin C. Martin. It has both exterior and interior views of the poet's home, together with one of his comic sketches and other pictures.

Dr. Leroy Lewis, eye specialist, was in Yale again last Saturday. The date of his next visit will be Saturday, Dec. 5th, at Grant Holden's. Bring in your friends and have their eyes tested and order a pair of gold rimmed spectacles for an Xmas present, as he will not be back again until the New Year.

Demorest's Christmas Number opens with a most interesting article called "The Cradle of Christianity," being a series of sketches of the Holy Land, written by the Rev. Dr. Thomas P. Hughes, who has traveled all over that part of the world. It is copiously illustrated with several full-page and many other smaller pictures.

We hear that Dave Menerey, editor of the Coleman Independent and supervisor of Warren township, Midland county, is in the race for the postoffice at Coleman and his chances are first-class. Dave is a former Yale boy and his many friends here feel pleased to learn of his success and prosperity since locating in that town.

Just one year ago last Saturday the Yale Woolen Mills were destroyed by fire, causing a loss to the proprietors of over \$20,000. But so enterprising a firm as C. Andreane & Sons were, not to be daunted by this misfortune, and with their characteristic activity and energy they immediately began clearing away the old rubbish and erecting a new mill which was completed and running before July 1st. They now have as nice and well equipped a mill as can be found in the state, with a capacity of over 500 pounds of wool per day, and giving steady employment to twenty-five hands.

For Sale—One improved 80-acre farm near Brown City, one improved 20-acre farm one mile from Brown City. Terms reasonable. Address box 1, Brown City, Mich. 28-4

"Christmas in Several Lands" is the attractive title of a delightful symposium in the Christmas number of Demorest's Magazine, wherein the Christmas customs and the Christmas spirit in various countries are pleasantly described by persons who have had some part in them.

In reference to Chas. Vanasse's sentence one man was heard to remark that "it is a pity that a man can't correct his wife and have a little domestic trouble without being sent up for 30 days," and another man remarked that "this country is heaven for women and dogs but is hell for men."

A good cook stove for sale cheap. A warmed room to rent. A horse, harness and buggy to exchange for a good cow giving milk. A good 40 acre farm to exchange for house and lot in town. A fine team of draft horses and other stock to deal on house and lot in town. Call at the office of E. H. Drake for particulars.

The wife of Leonard Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Will Lennon, druggist.

Truman Terpening, a farmer living about eight miles west of this place, while out hunting last Saturday, met with a serious accident which may prove fatal. The breech-pin of his gun blew out, striking him in the forehead, tearing out a piece of his skull as large as a 25-cent piece and exposing the brain. He walked to his house, over a mile from the scene of the accident, hitched up his rig and drove to Brown City, a distance of about six miles, for treatment. He remained conscious until one mile from town. Doctors say there is some hope for his recovery.

Last Friday can rightly be dedicated "Yale's Chicken Day." Two weeks ago Holden Bros. advertised for 3,000 live chickens to be delivered here on the 20th inst., and the way our poultry raisers did grasp this opportunity of disposing of their surplus fowls was astonishing. A party living near Peck was here with a large load long before the boys had opened the shop in the morning, and the vicinity of the cattle yards where the poultry car was loaded would remind one of the City Market Square. 3,300 chickens and 700 turkeys, besides a large number of ducks and geese were shipped, and owing to scarcity of car room over 300 fowls had to be returned home. The amount paid out by the firm was over \$1,100.
